**NLRB BOSTON REGIONAL OFFICE WILL USE FMCS OFFICE
FROM JULY 26 - 30, 2004 WHILE FEDERAL BUILDING IS
CLOSED DURING DEMOCRATIC NATIONAL CONVENTION**

The NLRB Office of the General Counsel issued the following announcement regarding operational plans for the agency's Boston Regional Office from July 26 through July 30, when the federal building in which it is located will be closed to the public during the Democratic National Convention:

During the week of July 26, 2004, the Democratic National Convention will be held at the Fleet Center in Boston, MA. Because the O'Neill Federal Building which houses the NLRB's Boston Regional Office (Region 1) will be closed to the public during the week of the convention, the NLRB's Boston Regional Office will have staff available all week at the Boston offices of the Federal Mediation and Conciliation Service, 99 Summer Street, Suite 510, Boston, MA. The FMCS's office is located close to South Station. The phone number for the Boston Regional Office at FMCS will be: **617-424-5783**, and the FAX number will be: **617-424-5781**. Mail for the Boston Regional Office will be rerouted to the FMCS from July 26 through July 29.

During this same week, the phone number for reaching an Information Officer of NLRB's Boston Regional Office will be **617-565-6710**. To contact Board agents assigned to your case, you can e-mail or call Board agents at their regular telephone numbers at O'Neill Building numbers and leave a message. Such calls and e-mails will be returned promptly.

Since it is not clear when the security measures will be lifted after the Convention ends on Thursday night, July 29, please call the NLRB's Boston Regional Office at **617-565-6700** before attempting to visit the O'Neill Federal Building on Friday, July 30.

The NLRB's Boston Regional Office will return to normal operations on Monday, August 2. We appreciate your co-operation in helping us function effectively during the closure of the Boston Regional Office's regular office space.
